

Calcutta Heritage Collective

Calcutta Heritage Collective's overall aim is to build pride in the city's built heritage through a broad range of activities, including helping with conservation and restoration, creative re-use of properties, and spreading awareness in a variety of ways. Group members include architects, artists, event managers, heritage experts, developers, photographers and concerned citizens united by a love for Calcutta and a commitment to honor our unique and irreplaceable inheritance by marrying heritage with urban development.

CHC is an inclusive initiative aimed at involving students, home-owners, senior citizens, professionals and entrepreneurs in a long term mission of reviving the architectural beauty of the city.
